# ASSIST MISSION

The mission of Howard Community College's behavioral intervention team, called the **ASSIST** Team (*Assessment and Intervention for Students Team*) is to assess circumstances involving students of concern and to initiate appropriate responses to specific behavioral problems such as suicidal ideation, threats of harm to self or others, and other behaviors that demonstrate a significant disruption to the college community. The **ASSIST** Team will provide referrals for early intervention and support for identified students to help facilitate a successful outcome for the student's well being and the safety of the college community.

---

# ASSIST PROTOCOL

- **Team receives a report via Maxient and/or security report**
  - **Team meets to discuss in person or via technology**
  - **Team determines if the report is also a conduct issue and refers to judicial affairs.**
  - **Team researches the incident and collects background information concerning the student**
-

# ASSIST PROTOCOL

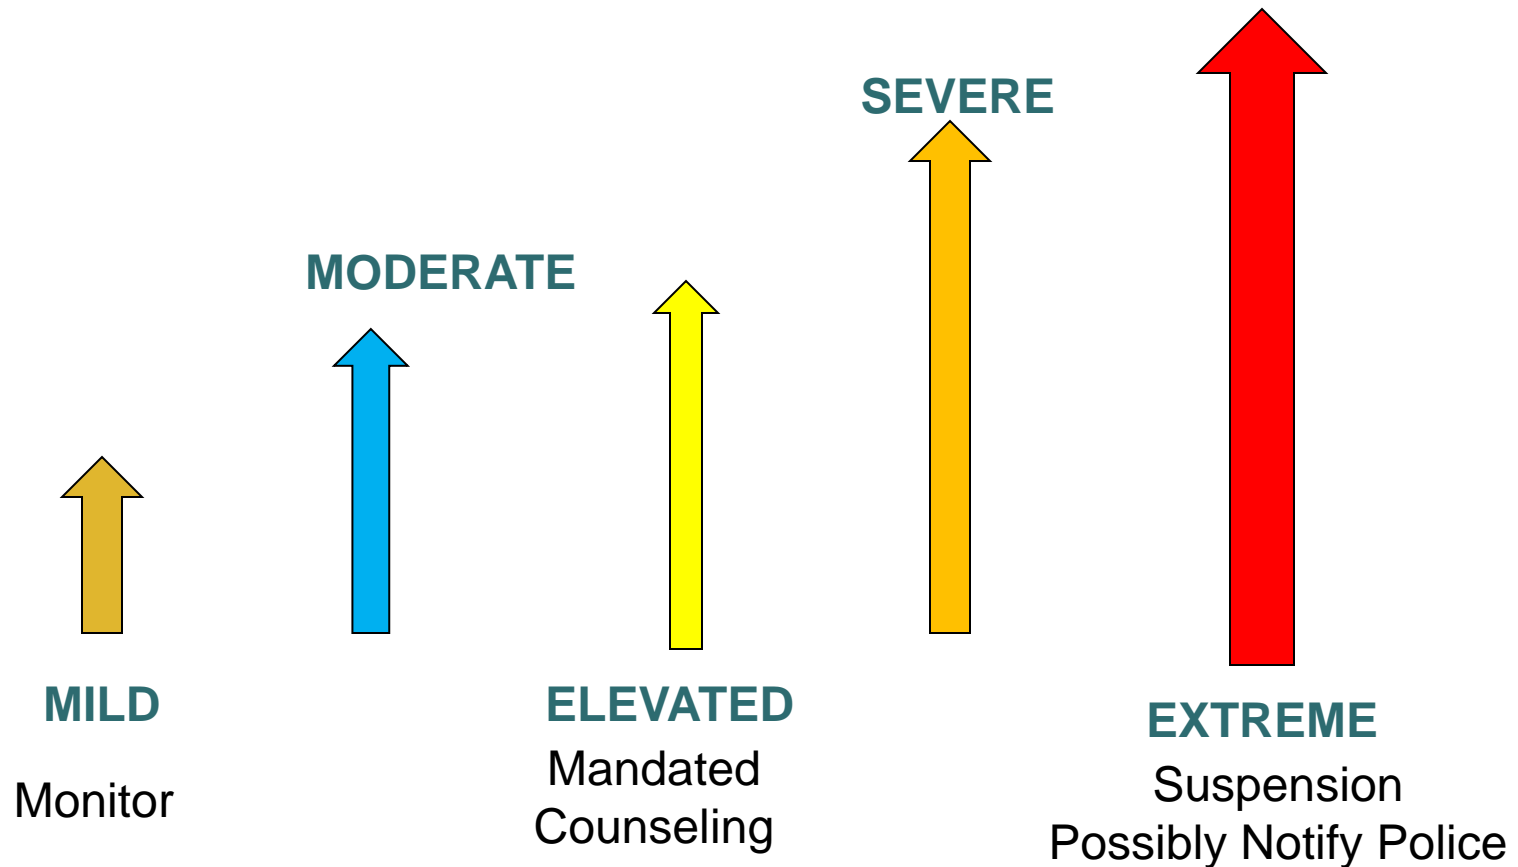

- **Information collected can include:**
    - **History with counseling office**
    - **Disability documentation and appointment history with DSS**

Intervention based on risk level

# ASSIST PROTOCOL

- Close the loop and monitor the gaps

1. Student is unable to remain on campus – interim suspension goes to Disciplinary Committee to determine if suspension will stand
  2. Psychological and/or threat assessment determines that student may return to class but must do so from a distance, if applicable
  3. Student may return to campus with compliance with mandated sanctions; periodic checks for compliance will be monitored, determine effectiveness of interventions, monitor
  4. Student is no longer a threat and may return to campus, but will be monitored, determine effectiveness of interventions, do periodic check ins on student's progress.
  5. Student never removed, mild threat level, continue monitoring for future reports, determine effectiveness of interventions, if any

-

# Developing a Culture of Reporting

## Challenges:

- Concerned the student will get into trouble.
- Fear of Reporting.
- Don't know how to report.

## Strategies:

- Stress early intervention, solving the issue before it escalates.
  - Listen to reporters concerns, answer questions, involve supervisors as needed, and advise them on safety tips.
  - Provide training on how to report, make reporting easy and accessible- Icon

# Sharing of Best Practices

1. Do your teams use formalized protocols and strategies? How are they communicated to the college community?
  2. How do you reach and educate adjunct faculty and part time staff regarding safety initiatives?
  3. Do you have any unique and effective training strategies?
  4. Has your college been successful in fostering a comprehensive reporting culture within the institution? How?
  5. Has your college effectively broken down communication barriers/silos and integrated safety campus safety and intervention teams? How.
  6. Are your Student BIT, Employee BIT and Judicial Affairs teams supported by comprehensive databases that allow the teams to have a longitudinal view of a student/employee's behavior patterns and trends? What do you use?
  7. Does your BIT Team use risk rubrics to classify threats? Models used?
  8. Do your behavioral intervention teams utilize mandated psychological assessments, when needed, to determine interventions and threat risk? Who does the assessments?
  9. Does your BIT team have the authority to invoke involuntary medical/psychological withdrawal policies?
  10. Any questions?
